A highly focused second year student with a passion for software engineering. I have a methodical and structured approach to new challenges and thrive in a team setting. I am able to quickly apply new knowledge and adapt to constantly changing requirements, offering highly effective and efficient solutions to problems.

EDUCATION

- **King's College London** London
Bachelor of Science (Hons) in Computer Science Sep. 2016 – Present
- **Ormiston Sudbury Academy** Sudbury
A Levels – Further Mathematics (A), Mathematics (A), Chemistry (A) Sep. 2010 – 2015
GCSE – 8 GCSEs at Grade A or A including English and Mathematics, and 2 at Grade B*
James McClellan Memorial Award for Academic Excellence - 2015. Awarded for achieving the highest A-level results in the school and consistent and exemplary academic performance.

LANGUAGES

- **Java:** Highly proficient, extensive practice in group project environments.
- **C++:** Highly proficient.
- **Scala:** Familiar.
- **Ruby:** Familiar, particularly for back end development with Ruby on Rails.
- **Linux:** I have been using Linux as my primary operating system for a number of years now and I am very comfortable navigating UNIX systems.
- **SQL:** I have a solid understanding of database design and SQL.

EXPERIENCE

- **Deliveroo** London
Cycle Courier May 2017 – Present
 - This job allowed me to develop excellent interpersonal and time management skills. I made the customer's experience and satisfaction a priority.
- **The Flying Fish Restaurant** London
Cashier 2016
 - My ability to work well under pressure as well as excellent communication skills were paramount to success in this role. Responsibilities included waiting at tables, running the tills and answering the restaurant phone.
- **Sue Ryder** Sudbury
Office Assistant 2012
 - Gained invaluable insight to office life and culture. I assisted in the legal department in the sorting of documents as well as data entry and making phone calls to other branches of the charity.

ACHIEVEMENTS, RESPONSIBILITY AND INTERESTS

- I volunteered in Kenya during October 2014 to help rebuild new school facilities and provide tuition to the children in impoverished areas.
- I have been playing guitar and piano since I was young and enjoy playing in both a group and solo setting as well as composing and recording my own music
- I enjoy playing chess and I am an active member of the King's College Chess Society.
- Full, clean UK driving licence.
